PARTICIPATED IN GUINESS WORLD RECORD
Guvi | April 2021

GOLD BADGE 1ST RANK
Hackerrank Python | 2020

GOLD BADGE
Hackerrank C++ | 2020

3RD POSITION IN SPEECH
YLP International Final Contest | 2020

PROFILE

An autodidact and an Inquisitive high schooler who has always been passionate to do big in this technical world and be a part of the new advancements. I love to be a techie and am extremely motivated to constantly horn my skills and grow technically.

PROJECTS

TECHIE JR.
| April 2021

A publishing website built to develop the early career of the young techies. I believe that through this platform many Jr. techies will get inspired by the stories of their peers and help each other by sharing about the opportunities they come across.

IASPA
| July 2020 - August 2020

Contributed in developing the website's membership section and built the basic website design. Maintained the website together with a group of Btech-students.

TECHNICAL SKILLS

Languages - Python, C/C++, Qiskit.

Frameworks - Flask, HTML, CSS, JSON, XML, Bootstrap

Software - Google cloud, Anaconda, Git

ACTIVITIES

YLP International club
| 2020-2021
Played role of Secretary and helped in organizing the meets.

Qubit x Qubit (Sponsored by IBM and Google)
| Oct 2020-present
Part of global quantum community
